

Night & Day ❄️

Snow Emergency plowing

Saint Paul usually declares Snow Emergencies after snowfalls of 4" or more OR an accumulation of 4" of snow over several days. All streets are either Night Plow Routes or Day Plow Routes. Night Plow Routes have red and white plowing signs like the ones below. Day Plow Routes don't have plowing signs.

Night plowing

When: Usually 9 p.m. to 6 a.m.

Where: The busy streets—marked with signs that say NIGHT PLOW ROUTE *plus* one side of north-south residential streets with signs that say NIGHT PLOW ROUTE THIS SIDE OF STREET.

Day plowing

Day Plow Routes have no signs

When: Usually 8 a.m. to 5 p.m.

Where: East-west residential streets *plus* one side of north-south residential streets — the side WITHOUT night plowing signs.

Note: There are some exceptions to these rules. They're all well marked.

Parking is banned until snow is plowed all the way to the curb on these routes.

Avoid a ticket and tow!

The City now tickets and tows cars before the plows begin. **The fine for a "snow tag" is now \$40.** Your vehicle can also be towed, resulting in substantial towing and storage fees.

Snow Emergencies can be declared to start with the Night routes or the Day routes. To find out if a Snow Emergency is in effect, listen to the radio, watch TV and read newspapers — or call **266-PLOW**. Snow plowing information is also on the City's web site — <http://www.stpaul.gov/>
